TESTED APPLICATIONS NEXI GO

GeoGebra 2D **Scratch 3.0**
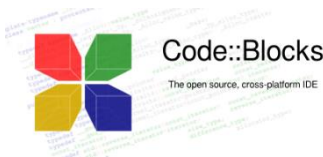

Word **Excel** **PowerPoint** **Adobe Acrobat Reader**

BS.Player **VLC media player** **WinRAR** **Visual Studio Code**

Inkscape

And many more...

Note: The applications referenced were subjected to rigorous testing under controlled laboratory conditions. This involved simulating user activity within each application through the automation tool TinyTask. To ensure the integrity of the results, no other applications were running concurrently—only the specific application under examination was active at any given time during these tests.
